Announcement.

We are authorized to announce
HARVEY JOBE, JR.,
as a candidate for County Judge sub-
ject to the action of the Democratic
Primary.
We are authorized to announce
ALONZO L. BURTON
as a candidate for Jailer, subject to the
action of the Republican party.

The second of the two balloons
which started from the World's
Fair grounds in a race for Wash-
ington landed near Wyoming, Ill.,
after being in the air a little more
than twenty-four hours. The first
one remained up about two hours.

Following Walter R. Day's de-
parture from Kentucky two suits
containing serious charges have
been filed. Floyd Day alleges that
his name was fraudulently used by
his brother to obtain merchandise,
and certain Cincinnati and Louis-
ville creditors, who filed suit in
Covington, Tuesday in the United
States Court, seek to hold Floyd
Day responsible for debts incurred
under the brief Taylor ad-
ministration in Kentucky.

The biggest battle of the war
between Russia and Japan is in
progress near Liao Yang and may
continue for several days. The
armies are equally matched in
point of numbers, and it is estimated
at St. Petersburg that about
400,000 men are engaged in the con-
flict, which is generally referred to
as the decisive battle of the war.
There has been desperate fighting
on the southern center of the Rus-
sian forces, and the Japanese seem
to be endeavoring to turn the Rus-
sian right flank. The fighting on
the west is said to have approach-
ed within three miles of Liao Yang.
Citizens of that town are watching
the battle from towers and house-
tops.

Two months have passed since
the new fiscal year came in mak-
ing available all road funds and
road funds. Yet complaints con-
tinue to come in about some of the
worst places in the main roads not
having been repaired. It does
seem that somebody should have
had the worst places repaired be-
fore this time. An overseer who
does not realize the importance of
doing this part of the work first is
certainly not fit for the position.
Neither is the one who neglects or
delays to act a proper person for
the place.

If a heavy roller were used in
connection with the road machine
it would make a great improve-
ment and furnish a solid road
where it is now loose dirt, rutted
out and rutted by every wagon
wheel.

Ayer's
Sarsaparilla
You know the medicine that
makes pure, rich blood—
Ayer's Sarsaparilla. Your
mother, grandmother, all your
folks, used it. They trusted
Sarsaparilla
It. Their doctors trusted it.
Your doctor trusts it. Then
trust it yourself. There is
health and strength in it.
—I suffered terribly from indigestion and
this blood. I found that Ayer's Sarsaparilla
not only cured me, but it also made my
blood pure and rich. I am now
strong and healthy. J. H. HUNT, JR., N. Y.
—I suffered from a skin disease, and
after using Ayer's Sarsaparilla, my skin
became clear and healthy. J. C. STARR,

What is Life?

In the last analysis nobody knows, but
we do know that it is under strict law.
Abuse that law even slightly, pain re-
sults. Irregular living means derange-

King's New Life Pills quickly re-adjusts
this. It's gentle, yet thorough. Only 25c

"THE BIG STORE" Timely Hints as to Fall Fashion.

Our Coat Suit, Coat and Millinery Departments are now ready to show you the changes that Fancy has made in regard to the style which shall be worn this coming season. Although it may seem a little early for a showing of these articles of wear we have made quite a few sales from each department already.

While we shall try to give you some idea of what's to be worn this Fall, our greatest hint is—COME HERE AND SEE FOR YOURSELF.

FALL COAT SUITS.

The Dictator of Fashion took a pleasing step to the majority of women when Long Coats were styled as the proper mode for Autumn and Fall wear. Everyone who has seen our display admires this change from the short jacket to the long coat and considers it much more graceful.

Aside from the staple colors Fashion has adopted a great many pattern of the mannish order—material very similar to the goods used in making men's clothing. They are mostly dark shades and very desirable because they show less signs of wear than other weaves.

There are no decided changes in the style of the Skirts. The various ways of trimming having been made use of in order to give variety to the assortment.

LADIES' FALL COATS.

Are of the long style, too, ranging from hip length to considerably below the knees. The patterns are mostly mixed novelties, yet Tan Coverts hold a leading place among the selection shown. We have them in the collarless styles with side pockets that add to their neat appearance. Prices are no higher than usual for garments of merit. You should see this showing.

FALL HATS.

Our Millinery department has been brightened by the recent arrival of some Phipps & Atchinson hats—the make that can't be superseded in the estimation of the women in general. This season's styles are simple, elegant creations of Felt in Blue, Brown, Grey and White. Many have no trimming; others are adorned by a single bunch of feathers to match. Veils will be worn a great deal with these plain styles. Come in and see how you look in front of the glass with one of our hats on.

EDITOR NEWS:—
Having been down the Pike we
think possibly a mention of a few
of the main features may be of in-
terest to your readers. Now please
don't understand us to say we will
describe all things we have seen
on the Pike for it would be absurd
to attempt such a task and expect
same to be published in any one
paper.

There are but few attractions on
the Pike that are not worth the
price of admission and the writer
has not seen them.

One of the novel attractions that
no one should miss is "Creation,"
the highest price show on the Pike
and worth more than they ask, is
truly in a class of its own. Under
the largest dome in the world, sur-
rounded by over 2,000 feet of canal,
is a very enjoyable ride through
the grottoes. Then the lagoon en-
circling the dome, surrounded by
immense moving platforms. Then
the illusion boats. We next see
the masterpiece of all—Creation—
wonderful, marvelous, indescrib-
able. To tell anything near the
truth about Creation the writer
has an insufficiency of language.

her dearly esteemed and respec-

and many, regret the

death of Mrs. Mary Carpenter,

which occurred in Cat-

After a long illness at her

to this, Friday morning.

Here a carriage was

A little over two weeks be-
